

PLEASE DO YOUR PART IN KEEPING THE LIBRARY A SAFE PLACE FOR EVERYONE!

- Please do not visit the library if you are sick or have been running a temperature. If you are obviously ill, you will be asked to leave.
- Hand sanitizer is available at the door for your use. Please sanitize your hands when you enter the building, and before handling books in the collection.
- Please practice social distancing while in the library. If you bring children into the library, they are to remain with you at all times. Those who fail to maintain social distancing or fail to keep their children with them, will be reminded once, and then asked to leave if they fail to comply. Children 14 and under **MUST** be accompanied by a parent.
- No loitering or socializing will be allowed. Please expedite library visits to help maintain proper building occupancy requirements.
- High touch surfaces will be wiped down regularly, but please be aware that it will be impossible for staff to sanitize restrooms between each use. Please observe all safety/hygiene practices and be sure to wash your hands and/or use sanitizer after visiting the restrooms.
- Due to the limited number of computers available, sessions are limited to 1 hour. Please be aware that the library staff will be practicing social distancing and may not be available to provide one-on-one computer assistance.
- Patrons may use their own laptops, but due to limited space for use, time on the library Wi-Fi will be limited to 1 hour.
- Only 1 person will be allowed in an aisle at a time, unless you are from the same household. Please be patient and wait for the aisle to empty before entering. Please make your selections in a prompt and courteous way.
- At the Circulation Desk please stand 6 ft. apart according to the guides marked on the floor.
- Books may be returned in the book drop or at the circulation desk.
- Patrons who are cautious of public spaces may call ahead and request materials before their arrival.
- Masks are recommended, but not required to enter the building.
